BAD FAIR WEATHER

BUT THE PROGRAM IS BEING CARRIED OUT ON SCHEDULE

CROWDS BRAVE THE RAIN

Last Night's Horse Show Was Announced Postponed to Thursday Morning — Morning's Awards

THURSDAY'S PROGRAM.

Morning — Judging of Shetland Ponies, Shorthorn and Aberdeen cattle.

Afternoon—All free attractions; 2:13 trotting race; 2:14 pacing race; Maryville Derby; Linville Hotel handicap; ⅝-mile running race and ⅜-mile running race.

Night — Horse show, including saddle and harness horses; "Midnight," the wonder horse, will perform.

With continued cold and disagreeable weather and in spite of greatly diminished crowds as a result, all the events scheduled at the Nodaway County Fair are being given, the only event to be called off being last night's horse show, as with a cold rain falling the fair managers decided to postpone it until Thursday morning at 10 o'clock. The crowd this afternoon is attracted chiefly by the good racing card, and although the track is heavy the five races on the program are being run, each having well filled fields.

Several hundred persons braved the weather last night in anticipation of seeing the show horses, but it was deemed inadvisable to attempt the judging and rain checks were given out good for any other night. The crowd was entertained for over an hour by a splendid musical program by McNutt's band and the Brooklyn Singers.

SOME GOOD RACING

HARNESS AND RUNNING EVENTS PROVIDE GOOD SPORT

THE DERBY TOMORROW

Ten High Class Horses Will Face the Starter In Fair Classic—Elks Special the Feature On Today's Card

The first day's racing card yesterday provided five events, four running races and the 2:35 trotting race. With the track just a trifle heavy no track records were broken, but the racing was of a high order and the crowd got up on its toes when the two running races brought close finishes.

The first race scheduled, the 2:35 trot, for a purse of $300, brought out a field of five starters, best three in five heats to decide. The race was run in uninterrupted heats, first money going to "Sylvan Girl," who won handily in straight heats. "Max B" and "Dan Birmingham" split second money, each being credited with a second. "Trixie Highwood" and "Bess McKinney" were also entered. Time, 2:27¼; 2:28; 2:30. The winner is owned by Gus Hoselton of Milan, Mo.

The second event, a running race at five furlongs, for a purse of $100, found five starters lined up before the barrier. They finished in the following order: "Clarissy Verity" (Bolger) first; "Jane" (Reese) second; "Palatable" (Plunkett) third. "Carl Roberts" and "Bessanta" also ran. "Juevenile" was left at the pots. Time, 1:05.

In the third race, a six furlongs event for all ages, for a purse of $100, "Bob A" (Reese) owned by B. W. Creech of Hopkins, was touted to win, but was beaten a length by "Prospero's Baby" (Donovan). "Calloway" (Padelford) third. "Adeline" also ran. Time 1:19.

The talent got a bad upset in the fourth race when "Myrtle A" and "Woodmaid," prime favorites, were left standing at the post, their jockeys refusing to be directed by the starter. The race was won by "Crucible" (Herring); "Tom Hundley" (Padelford) was second and "Easter Tide" (Snell) third. Time, 51½.

In the last race "Prime Mover," carrying top weight, was the favorite in the mile event. Off to a good start after a long delay at the post the talent's choice led a field of six into the back stretch on the second lap, but the distance was a bit too long with the heavy track and "Cork" (Johnson) showed his heels to the bunch under the wire. "Inro" (Johnson), "Augustus Heinz" (Herring), "Prime Mover" (Maranville), "Dental" (Sparger), "Karamaneh" (Snell) and "Frontier" (Hunt) finished in the order named. Time, 1:58.

TODAY'S RACE.

The big event on the card tomorrow is the Maryville Derby, in which ten high class horses are entered for a purse of $300. The fololwing horses will face the starter: "Walter Dent" and "Adeline L", Joe Prather of Bethany; "Augustus Heinz", Geo. T. Neff, Bethany; "Bessanta", J. A. Lawry, St. Joseph; "Bob A", B. W. Creech, Hopkins; "Prime Mover", W. M. Glover, Phoenix, Ariz.; "Cork", Fred Breit, Parnell; "Karamaneh", Mont Shepard, Platte City.

Two harness races are also on the program, each carrying a purse of $300; a 2:13 trot and a 2:14 pace. Good fields, including some of the best horses on the grounds have been entered in these events and with the track in good condition some records may be broken.

Two other running races, the Linville Hotel handicap, for a purse of $100, diseance five eighths of a mile, and a three-eights mile dash for youngsters, are also on the card. The fields in both these events are unusually large.

NINE AMENDMENTS

STATE ELECTION ISSUES BEFORE MISSOURI VOTERS

SWEEPING "DRY" LAW UP

One Permits Cities of 2,000 to 30,000 to Vote Increased Taxes and to Improve Streets

Nine proposed amendments to the constitution of Missouri are to be submitted to the voters of the state at the election November 5. Three are proposed by initiative petition and the others by joint and concurrent resolutions of the legislature.

Prohibition, taxation, school funds and city charter drawings are among the changes the amendments seek to bring about.

The proposed prohibition amendment is a sweeping one, providing that "the manufacture of intoxicating liquors is hereby prohibited in this state, except for medicinal, scientific or mechanical purposes."

The giving away of intoxicating liquors, except for the same purposes, also would be forbidden, manufacture and sale of wine for religious and sacramental purposes being excepted. The provision would take effect November 1, 1919.

Only cities with a population of more than 100,000 would be affected by the adoption of the amendment, introduced by petition, providing for an ordinance authorizing the election of a commission to frame and provide for the adoption of a charter for the government of these cities.

The two other amendments of the initiative petitions are:

To provide a homestead fund for purchasing homesteads and for the erection of permanent improvements on such homesteads.

A single tax amendment providing for taxation of land values.

The proposed amendments in addition to prohibition are:

Permits school districts to increase their rate of taxation for school purposes to not exceed 100 cents on the $100 of assessed valuation, provided that a majority of the qualified taxpayers vote such increase.

Provides for a tax levy of 15 cents on all taxable property of the state for the support of the public schools.

Permits road districts to vote additional tax, not exceeding 75 cents on the $100 valuation, for building and improving roads in such districts.

Provides levy of 10 cents on all the taxable property of the state for road purposes, one-half to go into the state road fund, one-fourth to be distributed among the counties and the city of St. Louis on the basis of area, and one-fourth on the basis of population.

Permits cities of 2,000 to 30,000 inhabitants to vote increased taxes, not exceeding 5 per cent of their assessed valuation, to pave and improve their streets.

STILL PUSHING FORWARD

BRITISH FORCES ARE WITHIN SIX MILES OF GERMAN BASE AT DOUAI AND ARE WITHIN SIGHT OF CAMBRAI

FRENCH TO OUTSKIRTS OF COUCY LE CHATEAU

Fifteen Thousand Prisoners Captured By the British In the Past Two Days—Germans In Retreat Along Part of the Line

With the British Army In France, Sept. 4. (4:10 p. m.)—The British forces are within six miles of the German base at Douai and within sight of Cambrai. The Sensee canal locks have been reached and Locuse has been taken. Fifteen thousand prisoners have been captured by the British in two days. Fires and explosions are observed in the region of Armentieres, Beughy, Morchies and Ruyaulxcourt, indicating that the Germans are preparing for further withdrawal in that region. The northern pillar of the German line is seriously threatened and the Germans are in full retreat, says dispatches today. Cambrai will be taken within two days, is being predicted. The British are reported to have crossed the Canal du Nord at Hautallaines just north of Peronne.

Paris, Sept 4. — The French have smashed their way through to the western outskirts of Coucy le Chateau, which the Germans have been desperately fighting to retain, the French war office announced today. The French have gained ground east of the Canal du Nord and at many points between Ailette and Aisne rivers. Other French troops have begun new offensive French movements farther east. They have crossed the Vesle river at several points.

(The Americans have been fighting along the Vesle and may be taking part in this new attack).

London, Sept. 4. — British patrols are in contact with the enemy in the western part of Lens but have not yet fully occupied the city. It was officially reported yesterday that Lens had been captured.

London, Sept. 4. — Demicourt and Hermies southwest of Cambrai have been captured by the British, who are driving on Ypres. The struggle in the vicinity of Moeuvres and Boursiets astride the Cambrai-Bapaume railway, is raging with great intensity. The British have captured Croisdubac on the Lye river.

Amsterdam, Sept. 4.—That the Germans are planning to fall back into Belgium before the blows of the great attacks is indicated by the activity of the troops engaged on construction of defensive works. The Germans are constructin immense concrete defenses behind Towrnai, Leuzeath Chievres and Mons, according to the Echo Dex Belgie.

NOTES OF THE FAIR.

Hugh McNutt's band of St. Joseph is providing high class musical programs both afternoon and evening. The program this afternoon is as follows:

"Semper Fidelis" (Sousa).
"Reminiscence of 1863" (Calvin).
"The Boaster" (Lake).
"When It's Moonlight In Dixie"—Vocal Chours.
"The Last Long Mile" (Van Alstyne).
Song for male quartette.
"If He Can Fight Like He Can Love, Goodnight, Germany"—Messrs. Harrison, Johnson, Harris and Buchele.
"Pasadena Day" (Vessela).
"The Star Spangled Banner."

Jockeys who undertook to "frame up" on Starter Wm. Hanecy learned after the first race yesterday that their rough tactics would not be tolerated. In the fourth race Jockeys Reese and Hunt on "Myrtle D" and "Woodmaid", after failure to obey directions, were left standing at the post. The owner of "Myrtle D" protested, but it did no good.

The crowd shivered and chattered in the cold north wind yesterday afternoon, but it stayed until the last horse in the last race was under the wire. The running races provided some of the best sport ever seen on the local track.

Most of the horsemen with entries in the show ring last night wanted to show in spite of the rain. Don Riley of St. Joseph and H. G. Quisenberry of Hamilton, competitors in the same classes, were anxious to go to the ring and were disappointed when the management called the night's events off.

"Jean Bogle" and "Dan Herr", the splendidly mated team owned by Don Riley of St. Joseph, are back again this year in competition with twenty or thirty other high class animals. Mr. Riley is in for some keen competition, but the pair looks good.

Prof. E. A. Trowbridge, head of the animal husbandry department of the University of Missouri and judge of the show horse classes, was surprised to find so many high class animals here, and says the night shows will provide some of the best events of the fair. Prof. Trowbridge is known all over the country as one of the best judges of horse flesh in the United States.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time, I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINE B. LYNCH, 160 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

Montgomery-Ogden

A wedding of more than usual interest because of the prominence of the Montgomery and Ogden families took place at 9:30 o'clock this morning at the home of Mr. and Mrs. J. F. Montgomery when their only daughter, Ruth, became the bride of Lawrence Belden Ogden. The words of the marriage service were read by the Rev. Gilbert S. Cox, pastor of the First Methodist church. All the arrangements for the wedding were very simply observed. Preceding the ceremony Edwin Goodspeed sang, "At Dawning," (Cadman) which was followed by the Lohengrin wedding march played by Mrs. Will J. Montgomery as the bridal couple took their places before the south windows of the living room. While the marriage vows were spoken, Mrs. Montgomery played softly the melody from "Believe Me, if all Those Endearing Young Charms." The bride wore her traveling suit, a handsome tailored coat suit of Belgian blue broadcloth with trimmings of beaver. With it she wore grey shoes and a large black hat trimmed with uncurled ostrich. Her bouquet was a shower of pink and white roses and snap dragons, and it was given her by the Daughters of the American Revolution, it being a custom of the chapter to present the bouquet to one of their number who becomes a bride. Mr. and Mrs. Montgomery were assisted by the groom's parents, Mr. and Mrs. Eugene Ogden and their sons and their wives, Mr. and Mrs. R. Bruce Montgomery and Mr. and Mrs. Will J. Montgomery in receiving the guests. After the ceremony a two course breakfast was served. Bouquets of pink roses were used in the dining room and the ices served were in the form of pink and white roses. Mrs. Harold Bellows and Mrs. Dale Bellows served and they were assisted by Miss Anna Bainum, Miss Allie Fraser, Miss Eva Rittenour and Miss Kitty Grems. The bride is a graduate of the city high school and finished her education at Northwestern University, Evanston, Ill. She has a gracious and charming personality and enters her new life with kindly wishes of not only her intimate circle but of every one by whom she was known. Mr. Ogden is the eldest son of Mr. and Mrs. Eugene Ogden and is associated with his father in the management of the Ogden & Son stock farm south of the city. He is president of the Missouri Central Shorthorn association and for several years has taken a prominent place among the big farmers and stock men of the state. Mr. Ogden and his bride left on the noon train for a three weeks honeymoon trip to be spent in chicago and at Dowagiac, Mich., where they will be the guests of Mr. and Mrs. Geo. Chambers. Mrs. Chambers was formerly Miss Harriet Sheets of Aurora, Ill., a college chum of the bride. After October 1, they will be at home at the Eugene Ogden country home during the absence of the senior Ogdens, who will spend the winter in Southern California. The guests attending the wedding were: Mr. and Mrs. Eugene Ogden and son, Homer, Mr. and Mrs. Edwin Goodspeed, Mr. and Mrs. B. F. Goodspeed, Mr. and Mrs. R. B. Montgomery, Mr. and Mrs. W. J. ORLO QUINN IN AIR SREVICE

Is Progressing Rapidly With His Work and Is Anxious to Get Over There

Lieut. Orlo H. Quinn, the son of Mrs. Flora Quinn of this city, is now in the air training service, stationed at Kelley Field, San Antonio, Texas. The following letter was one received a few days ago by his mother, written to her and his sister, Miss Ora Quinn.

"San Antonio, Tex.

"* * * I am getting along just the best in the world with the work here. I say work—it really isn't; it is the best kind of play in a way. It is so interesting and wonderful that it is a hard thing to wait until the next day to get to go up again. My instructor says he has hopes of me amounting to something sometime as a flyer and has given me the best grades that are given on the field so far, and I am recommended for pursuit work, which is supposed to require the best head work and ability of any branch of the game; so I feel that my work has not been in vain. I had an experience the other day which made the quills stand up on the back of my neck. Just before I took the ship up I was stung by some kind of a Texas insect in the palm of my right hand. It hurt like the dickens, but I didn't think anything of it, supposing it was only a bee sting, but after I had gotten up about 2,000 feet I got so sick that I literally couldn't see. There was the possibility of running down another ship and also the possibility of getting into a spin and not coming out, so I commenced to climb, thinking that the higher I got the better chance I would have. I finally got so sick that I cast my lunch out and in the meantime got into a spin, but took the ship out by the 'feel' of it, and then commenced to feel better, and in the course of about twenty minutes was able to get down O. K. I was a little lonesome up there for a while, but imagine I must have had some of the sensations that a pilot has who has been winged in a fight. I have looped, done Immelman turns, spins and spirals, so feel that I am getting to be some kid, but, of course, realize that I am just beginning to get some of the fundamentals of the game. That is one thing about flying—you never know so much that you don't learn something new every time you go up. We have to get up here at 4:45 and be at the stage at 6 o'clock sharp to be ready to fly. We still have some class work and will have until we have been here sixteen weeks. We shoot every day, either at the traps or on the range with the machine guns. Of course, you know I like that. In fact, I like this work better than I have ever liked anything and the only thing that I am impatient about is that I cannot make the work go faster so that I can get across and strip the pelts off of some Dutch.

"I have a considerable score to pay off when I get there for some of the best friends that I had in the army have 'gone west' in action. It makes me so white hot some times that for the minute I think that I cannot stay in this country another moment. I feel like getting a squad of my own and taking in after the dirty swine; I am certain that a reasonable amount of fur would fly. However, when I do get over I will be in better shape to do more damage. It is late and the lights will go out in a minute, so I must close.

"LIEUT. ORLO H. QUINN."

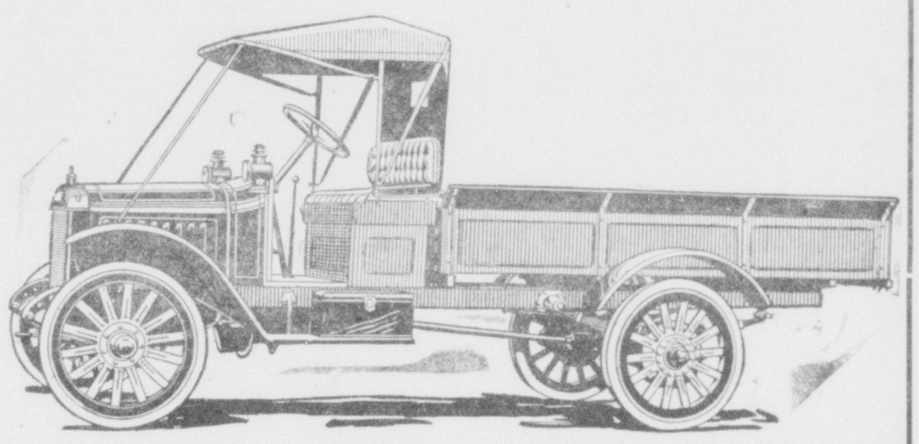
—as the call goes out for More Trucks

Who Builds The Most Trucks?



AMERICA'S roads have become highways of commerce. Merchants, contractors, farmers and manufacturers are calling for more and better trucks.

Republic has answered this demand. From a yearly production of but 54 trucks five years ago, Republic has become the LEADER in this new giant industry. Last year Republic produced and sold more than twice as many trucks as the second largest manufacturer.

A success like this doesn't merely happen. It's the logical outcome of two things: a dependable truck and a dependable service organization behind that truck.

Republic engineers have studied the truck user's needs and designed trucks that meausre up to every road requirement. The steel for every part must conform to Republic specifications which call for strength generously in excess of all possible demands.

More than 1300 Republic Service Stations, distributed all over the United States, make Republic service everywhere available.

Consult the Republic dealer. Let him study your business and advise the kind of a truck you should have. There is a Republic for every need. Seven models—¾ ton to 5-ton capacity.

Republic Internal Gear Drive Motor Trucks

The Internal Gear Drive, used in all Republic Trucks, delivers 92% of the motor power to the wheels. We know of no other type of drive that delivers as much. The entire load is carried on a separate I - beam axle. The driving mechanism has nothing to do but Drive the truck.
